

Accessing Media on the iPod Touch

The iPod Touch allows you to view many different file types including:

Microsoft Word 2003 and 2007

Microsoft Excel 2003 and 2007

Microsoft Powerpoint 2003 and 2007

PDF Documents

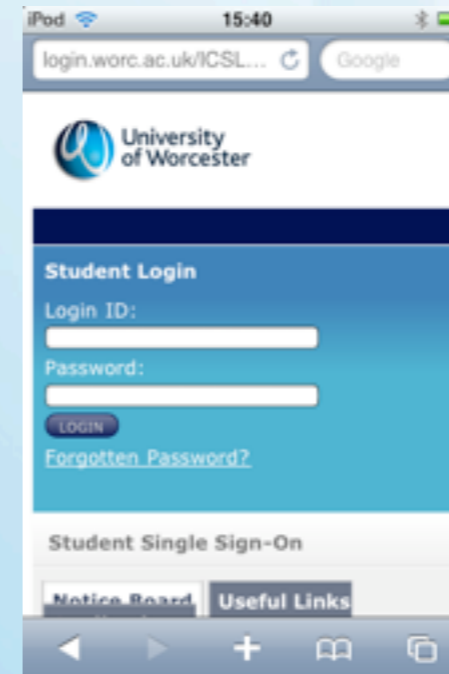

Sound files - including MP3, AAC, AIFF and Wav formats

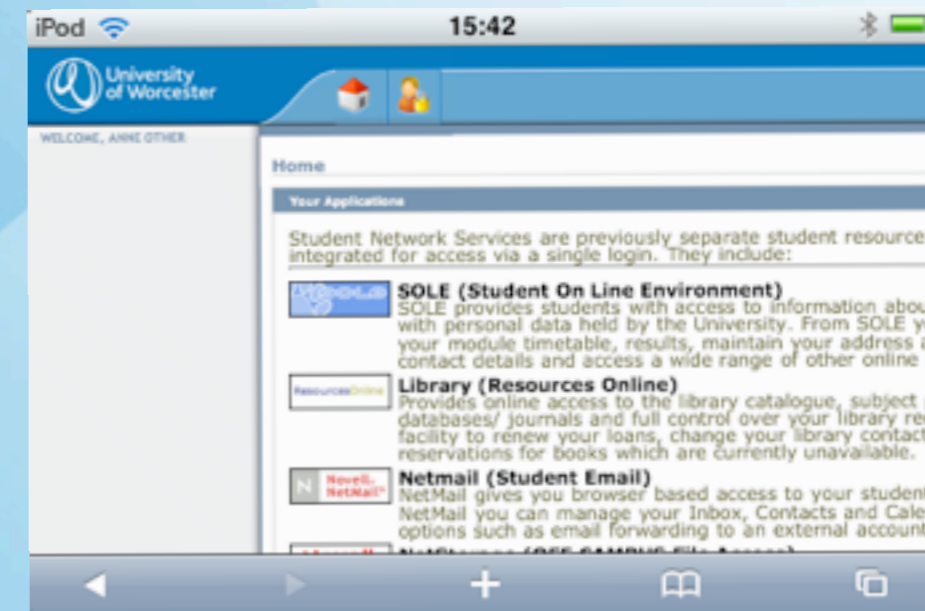

Video files - including support for .Mov, .M4v and .MP4

Accessing Single Sign On

Single Sign on can be accessed through the built in Safari Browser at <http://login.worc.ac.uk>

From this page, you can access Blackboard, Netmail, Library Resources and the Sole Page

You can use the “pinch to zoom” feature to zoom in, or turn the iPod to automatically display a landscape view

Accessing VLE Documents

Blackboard

Documents stored on Blackboard can be accessed in much the same way as on a desktop computer

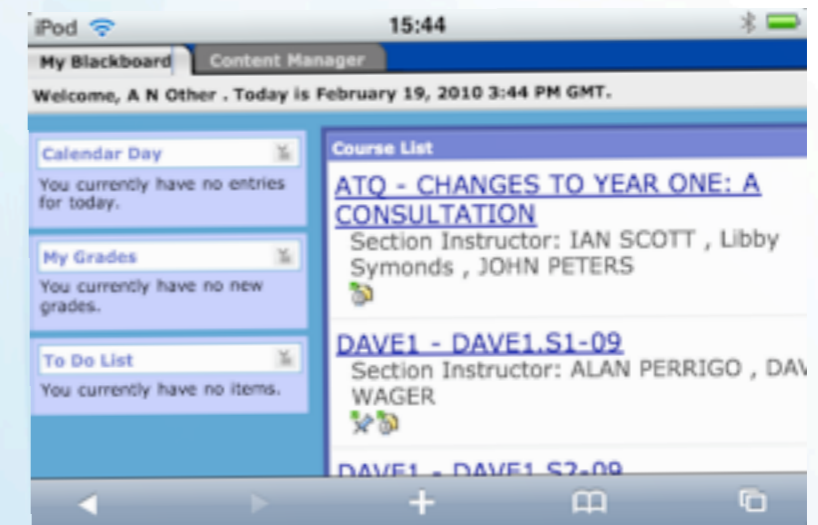

Choose Blackboard from the Single Sign On, and then choose **Log In** when prompted

Once logged in to Blackboard you will be able to view your available courses

Changing to landscape view can help improve readability

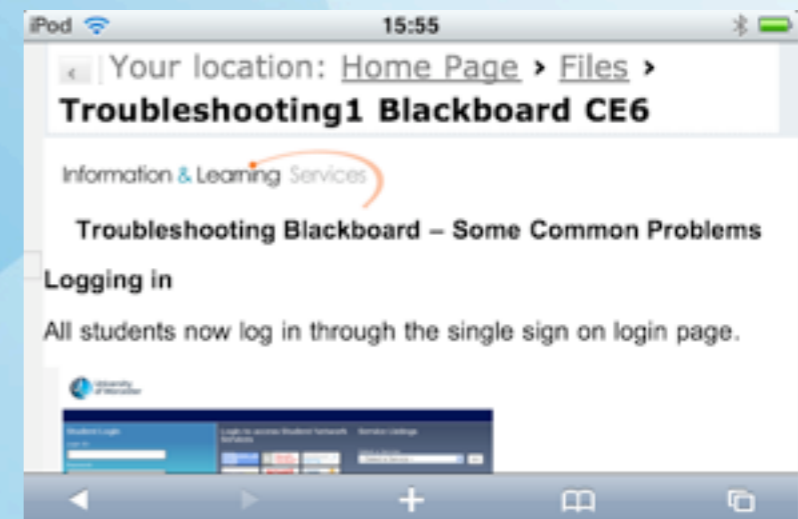

Select your module to to navigate through your course content and view documents, web links and video

PowerPoint files are readily accessible by default

Word documents can also be viewed in exactly the same way

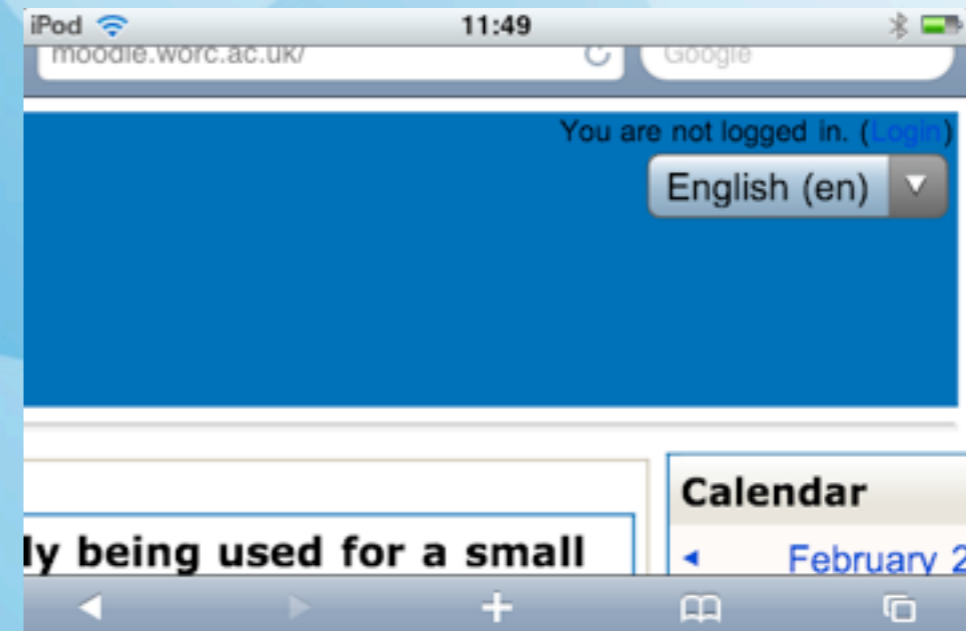

Moodle

Our secondary institutional VLE can also be accessed on the iPod Touch

Simply log in at
<http://moodle.worc.ac.uk> to access
the site

Choose the [Login](#) link at the top right of
the page and enter your details, or choose
login as a guest

All of your current Moodle modules
are now available

Once you are logged in you can view your module content and access Word, PowerPoint and other documents

It is also possible to access video content if it has been made available

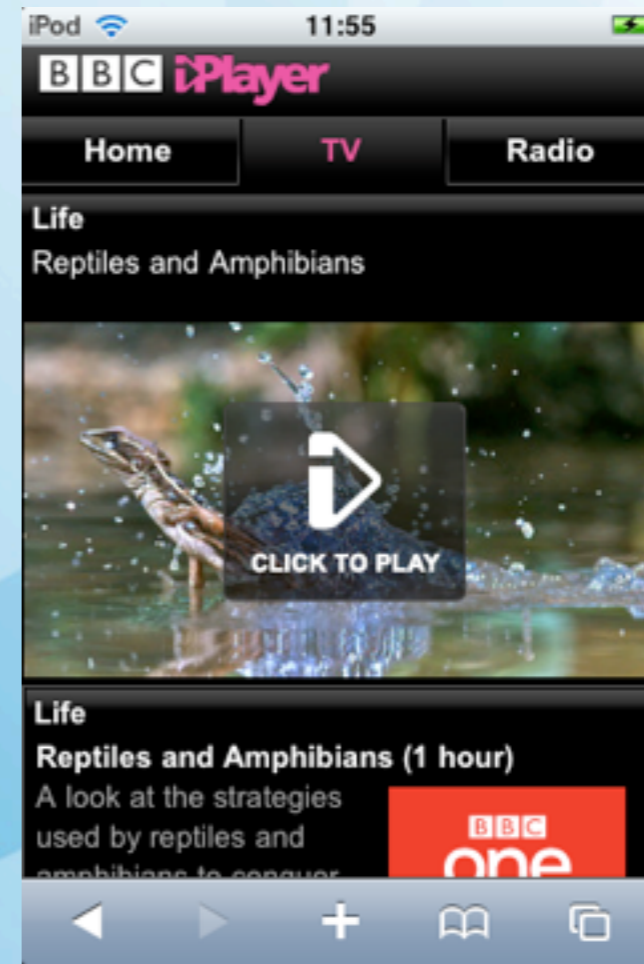

Accessing Video

Many types of video available on the web can also be viewed with the iPod Touch

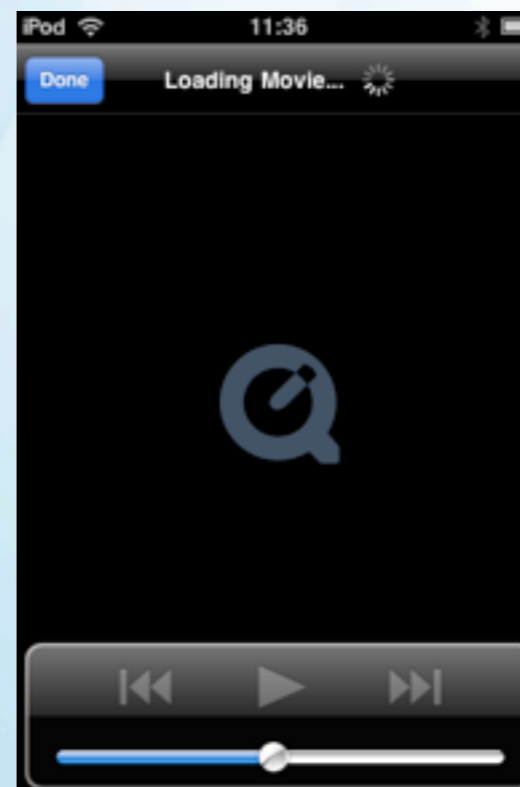

This includes content from the BBC iPlayer:

Navigate to the BBC home page at <http://bbc.co.uk> and scroll down to the BBC iPlayer section to view available content

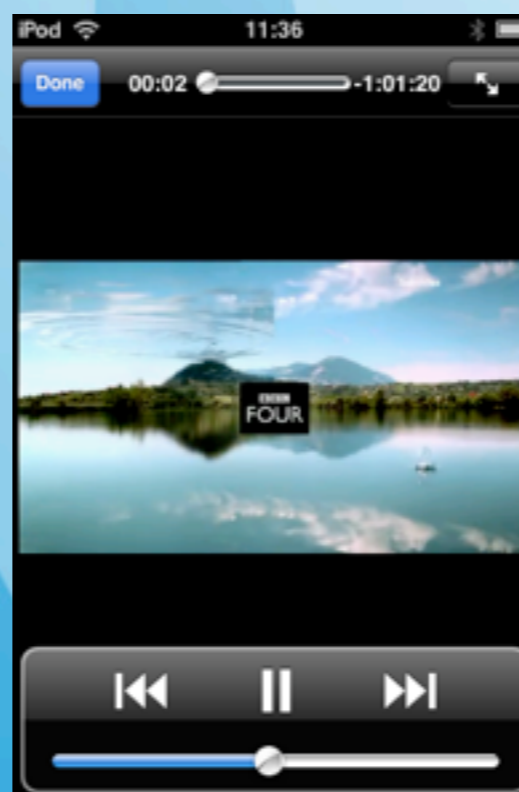

Use the [Click To Play](#) control to view the programme

The video content will load and the programme will play

Tap the screen during playback to change volume settings, fast forward and rewind

For further help and information in using the iPod Touch at the University of Worcester, please contact eos@worc.ac.uk
