

Setting Up Direct Push with Windows Mobile Device Centre (VISTA)

Start up the Windows mobile device centre and connect your device.

If this is your first time connecting your device you will be asked to set up a partnership.

Click on Mobile Device Setting and them more on the bottom right.

Click on Change Exchange Server Settings

Fill in the text boxes as follows:

Server address: **webmail.worc.ac.uk**

Tick the Use encryption (SSL) box

Enter your University Staff username and password, if you wish it to remember your password click save password.

Enter **worc** as the Domain.

Click Save

The device will now synchronise to the university exchange server.
