

Employability

We're proud of our graduates and their outstanding employment record.

92.8% of our graduates go into work or education within six months of graduating – well above the national average.

Our [courses](#) are relevant and many are practically based. Thanks to our close links with local employers, we are able to offer a range of [work experience](#), [volunteering](#) and [internship opportunities](#).

Investing in your career

Worcester has a number of initiatives, which will enhance your employability skills.

We want to help all our students to prepare for work by optimising their applications, developing their CVs and enhancing their interview technique.

To support our students we have developed a suite of opportunities, which include internships, work placements and our paid [student ambassador scheme](#).

[Placements](#) give you the chance to put what you learn into practice, resulting in an invaluable combination of qualifications and experience that marks you out when applying for graduate jobs.

You can access specialist staff offering careers guidance tailored to your academic subject area through our [Careers Service](#).

Find out more information about how we are investing in our students' careers in our [Get Work Experience](#) section.

Graduate Employability

At the University of Worcester we're proud of our graduates and their outstanding employability. The number of our graduates who go into work or education within six months of graduating is well above the national average.
