September 2011, St John's Campus

Friendly campus community

At Worcester you'll find a really friendly, welcoming community on campus. It's easy to get to know people here and it's very convenient: everything is within easy reach.

Outstanding facilities for study

We are the fastest growing university in the country, with applications more than trebling in the last seven years. One of the reasons for our popularity is the opportunity to study, live and learn in first-class facilities.

Our campuses are all within walking distance of each other and are close to the city centre. Take a look at our [Google maps](#) to see how easy it is to travel between our facilities.

Supporting your studies

You'll also find you're well supported here. We have a range of services to help you make the best of your time at university and advice and support if you encounter any problems.

Our [Student Services](#) are on hand to support your learning through a wide range of provision including [accommodation](#), computing, healthcare, sport, welfare and [careers](#).

University support complements the services and facilities offered through the Students' Union.

The best way to get a feel for life here is to come and visit us at an [Open Day](#). You can tour facilities, talk to lecturers and meet lots of current students. If you can't visit us in person, take a look at our [Views on Worcester](#).
