

Professional Advocate (PA) Programme

MACP4010

The module is specifically designed to enhance the skills and knowledge of healthcare professionals wishing to undertake the role of Professional Advocate and who are considered by employing NHS Trusts to be eligible to become Professional Advocates (PA).

This module will enable nurses, midwives or other healthcare practitioners to fulfil the role of PA and develop competence to deploy the elements of the Advocating for Education and Quality Improvement (A-EQUIP model). This module prepares practitioners to demonstrate understanding of the role of the PA, providing support to enhance health and wellbeing; developing education and training to progress knowledge and skills; and leading personal action for quality improvement practices to ensure that the patient group and families experience safe, enriching care.

This module is only available to students who have undergone an approved selection within their employing organisation.

Entry requirements: This is a Masters level 7 course and you should include with your application evidence that you have achieved a good degree (2:2 or above) within the last 8 years. **OR** provide evidence of achieving a degree with less than 2:2 classification in the last 8 years **and** complete the supporting statement in the application form to explain why you think you should be able to study at level 7 and provide a reference from an academic to support your ability to study at level 7. If you cannot meet the above criteria or you are in any doubt about this point, you should discuss it with the module leader before applying.

Assessment:

- Competency Portfolio
- Poster presentation

Students must have access to a qualified Professional Advocate Supervisor (Nurse or Midwife) to support completion of the competency portfolio.
