

Negotiated Learning

MSAP4080 to MSAP4086

PLAN YOUR OWN MODULE! Choose your own subject.

NEGOTIATED LEARNING (Single or Double Module)

Do you have a topic you want to explore? Are you planning a project in work that you would like to get some academic credit for and get some tutorial help while you are doing it?

This module provides an opportunity to pursue a personal or professional interest relevant to your own discipline. You will write your own learning outcomes, set your own assessment task and provide a suggested bibliography; all guided by the module leader. All aspects must be approved by the module leader, prior to commencement of study.

Contact the module leader as far in advance as you can to discuss your topic and you will be allocated a personal supervisor to help you.

There is an early briefing session for this module so that you have plenty of time to make your plans.

You can use this module for work-based learning and you can do more than one negotiated module.

Assessment:

Dependent on student's topic, approved by Module Leader

You will normally be expected to do Challenging and Enhancing Services as your first module to enable you to make the best of your MSc studies.

Some modules may be funded by the NHS and therefore you may need to complete 2 application forms:

- A University of Worcester Application Form
- Study Leave Form

Study Leave Form

All students employed by a Worcestershire NHS Trust or Wye Valley NHS Trust have to complete a study leave form (or equivalent) if they want (a) to study in works time, or (b) want the Trust to fund or part fund the course, or both.

Please ensure that funding for your study leave has been authorised by the Education lead for your Trust, before submitting your application, together with your study leave form.
