This work is in collaboration with HEE Regions across England involving a range of stakeholders including universities and practice partners. This Practice Assessment Document has been developed from the Pan London Practice Assessment Document for pre-registration nursing that was developed by the Pan London Practice Learning Group (PLPLG).

### Terminology

Throughout the document the term student is used. "Student" has been used to be consistent with the terminology used by the NMC in their documentation *Standards for pre-registration Nursing Associate Programmes* (2018).

### Protected learning time

AEIs must ensure that nursing associate students have protected learning time in line with one of these two options (NMC 2018)

Option A: nursing associate students are supernumerary when they are learning in practice

Option B: nursing associate students who are on work-placed learning routes:

- are released for at least 20 percent of the programme for academic study
- are released for at least 20 percent of the programme time, which is assured protected learning time in external practice placements, enabling them to develop the breadth of experience required for a generic role, and
- protected learning time must be assured for the remainder of the required programme hours.

## Welcome to the Practice Assessment Document (PAD)

### Student responsibilities

This Practice Assessment Document is designed to support and guide you towards successfully achieving the criteria set out in the *Standards of proficiency for nursing associates* and *Standards for education and training* (NMC 2018).

The PAD makes up a significant part of your overall programme assessment. It will need to be processed through formal University systems. Continuous assessment is an integral aspect of assessment in practice and you are expected to show evidence of consistent achievement. You should engage positively in all learning opportunities, take responsibility for your own learning and know how to access support. You will work with and receive written feedback from a range of staff including Practice Supervisors and Practice Assessors and you are required to reflect on your learning.

You are responsible for raising concerns with a nominated person in the practice setting in a timely manner. You should also alert staff to any reasonable adjustments that may be required to support your learning.

You should ensure you are familiar with your university assessment and submission processes for this document and contact the academic representative from your university, or refer to your university's intranet if you require support or advice on specific university procedures.

The Ongoing Achievement Record (OAR) is a separate document that contains two parts. Part A summarises your achievements in each placement and with the main document provides a comprehensive record of your professional development and performance in practice. Part B has been developed by your university to reflect local requirements.

You are responsible for the safekeeping and maintenance of the PAD. It should be available to your Practice Supervisor, Practice Assessor and Academic Assessor at all times when you are in placement together with the OAR. Alterations should be made in this document by crossing through with one line, with a signature and date.

You will have access to confidential information when in practice placements. The PAD should not contain any patient/service user/carer identifiable information. Contents must not be disclosed to any unauthorised person or removed, photocopied or used outside the placement or university.

People must be offered the opportunity to give and if required withdraw their informed consent to student participation in their care and staff in practice will provide guidance as required. Before approaching any patient/service user/carer for feedback you must discuss with your Practice Supervisor/Practice Assessor who will facilitate consent.

### **Practice Supervisor responsibilities** (Registered nurse/nursing associate or other registered health/social care professional)

In many practice areas the student will be supported by a number of Practice Supervisors. Some areas may adopt a team based approach due to the nature of the experience.

As a Practice Supervisor you have an important role in supporting and guiding the student through their learning experience to ensure safe and effective learning. This includes facilitating learning opportunities including any reasonable adjustments the student may need to get maximum benefit from the placement. It is your responsibility to contribute to the student's assessment through the recording of regular feedback on their progress towards, and achievement of their proficiencies. Specific feedback must be provided to the Practice Assessor on the student's progress.

**Supervision in other placement areas** (i.e. those areas where there are no health/social care registrants)

A range of staff can support student learning and have a vital role in student learning and development though may not be contributing formally to assessment of proficiencies. However, these staff members are encouraged to support learning and can provide valuable student feedback within the PAD on the *Record of communication/additional feedback pages*.

**Practice Assessor responsibilities** (Registered nurse/nursing associate)

As a Practice Assessor you have a key role in assessing and confirming the student's proficiency providing assurance of student achievements and competence. This includes facilitating learning opportunities including any reasonable adjustments the student may need to get maximum benefit from the placement. You will observe the student, conduct and record student assessments informed by student reflections, feedback from Practice Supervisors and other relevant people to confirm achievement. You will liaise with the Academic Assessor scheduling communication at relevant points.

There are numerous elements requiring assessment in practice. One or more Practice Supervisors can contribute to the assessment of some of the proficiencies in discussion with you, but they must be working in their scope of practice.

When assessing the student, you should take into account sources of evidence that encompass knowledge, skills, attitudes and the views of those receiving care. Comments should acknowledge those exceptional students who are exceeding expectations for their stage in practice or who have particularly commendable attitudes, behaviours, knowledge or skills.

If the student is not meeting the required standards this should be highlighted as a development need. If there is a cause for concern or a fitness for practice issue that requires prompt action, an Action Plan should be instigated to address specific needs or concerns within a specified timeframe. In the event of this, seek guidance from the Academic Assessor and/or senior practice representative.

**Academic Assessor responsibilities**

Academic Assessors are Registered Nurses or Registered Nursing Associate and are nominated for each part of the educational programme. The same Academic Assessor cannot contribute to the student assessment in consecutive parts. The Academic Assessor will work in partnership with the Practice Assessor to evaluate and recommend the student for progression for each part of the educational programme. The Academic Assessor will enable scheduled communication and collaboration with the Practice Assessor and this communication can take a variety of forms.

**Flexibility in assessment approach**

In exceptional circumstances if a student does not have access to specific learning opportunities to enable assessment of all the proficiencies in year 1/ PAD 1 they may be permitted to meet these in PAD 2 as per their local university policy – see the university specific pages for details. Where required these proficiencies must be agreed by the practice assessor who must ensure she/he has liaised with the academic assessor. The student must then present PAD 1 at the beginning of year 2 to their practice assessor to ensure completion of the identified proficiencies in PAD 2.

On occasions students may also have the opportunity to meet additional proficiencies in Year 1/ PAD 1 as per local university policy. These can be recorded on the 'Additional proficiencies' page in this PAD by the Practice Assessor. Achievement of these must then be explored as part of the initial interview in PAD 2, as further experience to consolidate these proficiencies may be required

**All communications/ additional feedback (not already recorded in the scheduled interviews) from the Practice Supervisors, Practice Assessor and Academic Assessor and other staff members needs to be recorded on the relevant pages in the PAD.**

## Guidance for using the PAD to facilitate learning and assessment in practice

Assessment criteria in the PAD are based on the NMC *Standards of proficiency for nursing associates* (NMC 2018).

### Components of Assessment and Feedback (see individual university guidance/regulations)

**Professional Values:** Professional Values reflect a number of proficiency statements and are captured under the 4 sections of The Code (NMC 2018). All must be achieved *by the end of each placement period*.

**Proficiencies:** These reflect aspects of the 6 Platforms, communication and relationship management skills and nursing procedures (NMC 2018). These can be assessed in a range of placements but must be achieved at least once *by the end of the year*. *There may be occasions when a small number may be achieved in PAD 2 – depending on local university policy*.

**Episode of Care:** This holistic assessment(s) facilitates and demonstrates the student's progress and must be achieved *by the end of the year*.

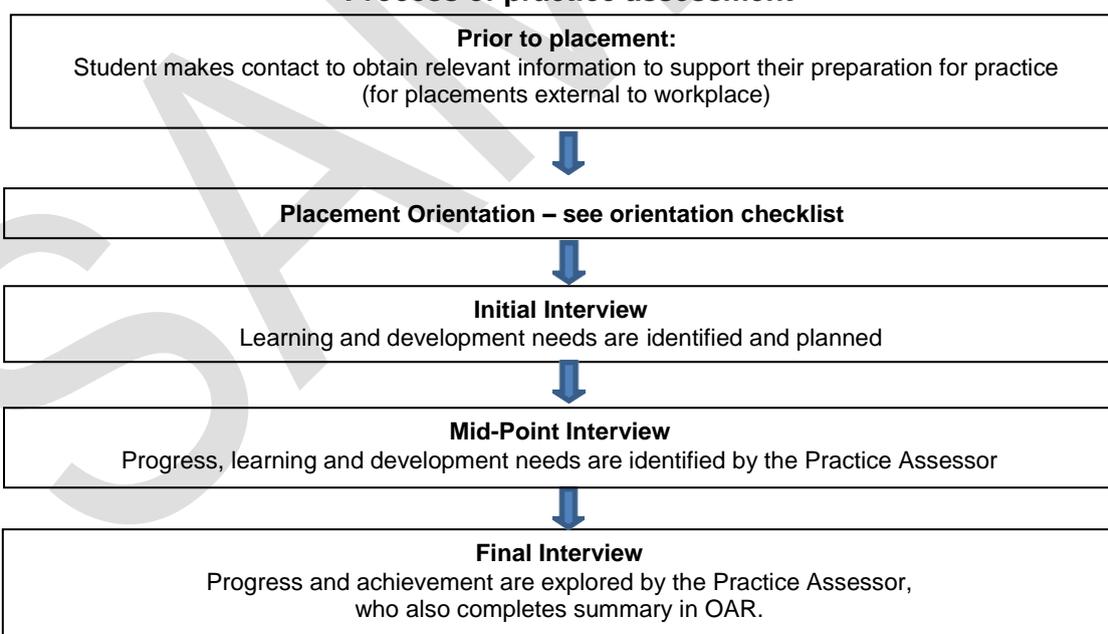

**Medicines Management:** There is one assessment included in each PAD and this must be achieved *by the end of the year*.

**Patient/Service User/Carer Feedback Form:** Feedback will be sought in relation to how the student cared for the person receiving care. This is not formally assessed, but will contribute to overall student feedback.

**Recording Additional Experiences and Feedback:** There are additional pages for the student to record reflections on their own learning and pages to record communication and additional feedback from all those supporting learning and assessment.

**Ongoing Achievement Record:** The OAR summarises overall achievements and provides a comprehensive record of student development and overall performance.

### Process of practice assessment

**Further information / guidance is included in the university specific pages (overleaf) and in the *Practice Assessment Document Guide***

**Prior to placement**

- Placement allocation uploaded to SOLE – please locate contact details in the SOLE placement directory. You will normally have 2 placements per year (Part)
- Contact placement a minimum of 2 weeks prior to the start date

**Placement 1**

- Induction within 2 days
- Initial interview held during first week of placement with PS and/or PA – to identify learning opportunities and learning needs/reasonable adjustments
- PS/PA/AA details to be provided in the document
- Student to sign declaration form
- Date of mid-point interview agreed
- PS provides ongoing support and feedback. Raises concerns if necessary
- **For Nursing Associate students (Apprentices), Personal Academic Tutor (PAT's will visit apprentices in week 4 of placement to undertake Individual Learner Progress Review (ILP).**

**Placement 2**

- Induction within 2 days
- Initial interview held during first week of placement with PS and/or PA **(for Nursing Associate students (Apprentices), this will also include Personal Academic Tutor)** – identify learning opportunities and learning needs/reasonable adjustments
- PS/PA/AA details to be provided in the document
- Date of mid-point interview agreed
- PS provides ongoing support and feedback. Raises concerns if necessary
- **For Nursing Associate students (Apprentices), Personal Academic Tutor (PAT's will visit apprentices in at the start of the placement to undertake Individual Learner Progress Review (ILP).**

**Mid-point interview**

- Completed between student and PA, although PS can sign mid-point professional values
- PA gathers feedback from PS and others
- Overall progression and achievement to date – knowledge, skills and attitude/values
- If concerns exist and/or an action plan is required, AA and PF notified – by email, phone call, e-pad
- Date for final interview agreed
- For Nursing Associate Students Zoned academic will visit all students during year one and during year 2. They may complete additional visits at the request of the AA.
- **For Nursing Associate student (Apprentices), Personal Academic Tutors will visit all apprentices in week 16 and 43 to review ILP (scheduled within the programme)**

**Mid-point interview**

- Completed between student and PA, although PS can sign mid-point professional values
- PA gathers feedback from PS and others
- Overall progression and achievement to date – knowledge, skills and attitude/values
- If concerns exist and/or an action plan is required, AA and PF notified – by email, phone call, e-pad
- Date for final interview agreed
- For Nursing Associate Students Zoned academic will visit all students during year one and during year 2. They may complete additional visits at the request of the AA.

**Final Interview (formative)**

- PA gains feedback from PS
- Prior to interview PA and AA will discuss student progress – by email, phone call, e-pad. AA may attend final interview if PA requests
- Completed between student and PA
- Placement hours recorded
- All sections in PAD and OAR completed and signed
- Confirmation that student is making satisfactory progress, if not a supportive action plan will be put in place to support progression to placement 2

**Final Interview (summative)**

- PA gathers feedback from PS
- Prior to interview PA and AA will discuss student progress – by email, phone call, e-pad. AA may attend final interview if PA requests
- Completed between student and PA
- Placement hours recorded
- All sections in PAD and OAR completed and signed
- Confirmation that the student has achieved all requirements for the Part

**End of Part 1**

**Submission of PAD and OAR is completed electronically by date identified in practice learning module outline**

Module lead records pass/fail and arranges moderation of the PADs with the module team and practice partners and arranges for external examiner to moderate PADs. Moderation reports completed

**Pass**

- AA completes OAR confirming progression and achievement following discussion with PA - by email, phone call, e-pad
- Where students have passed placement, but are still required to complete placement hours – arrangements to achieve these hours will be made by the practice panel

**Fail**

- AA completes OAR
- Referred to Practice Panel – reviews practice fail to confirm process followed, review claims for mitigation and decide reassessment – attended by AA and PA. Reassessment placement arrangements made and confirmed in writing to the student
- Where fail due to persistent non-achievement of professional values, student may be referred to fitness to practice processes

**Examination board**

Ratifies progression for students who have successfully passed the Part of the programme

Ratifies fails – students allowed one reassessment attempt of 4 weeks – fail at reassessment unless mitigation exists will result in the student being withdrawn from their studies

## STUDENT PLACEMENT CONDUCT AND HEALTH AND SAFETY AGREEMENT

To be completed by the Student prior to the commencement of Placement

<b>STUDENT'S NAME</b>	
<b>STUDENT NUMBER</b>	
<b>PROGRAMME/COURSE</b>	

This agreement outlines the expectations of the University and the responsibilities of the Student in respect of the provision of placement learning, work shadowing or visits that are required as part of your University of Worcester course/programme of study.

**The Student, as a representative of the University (and its collaborative partners), will behave in a professional and responsible manner and in accordance with University Regulations. The Student will attend any pre-placement briefing, induction and/or health and safety training offered by the Placement/WBL Learning Provider or the University (or its collaborative partners).**

If the Student has to be withdrawn from the Placement for disciplinary reasons, action may be taken in accordance with the University's Academic Regulations and Procedures: [Student Code of Conduct](#) and the associated disciplinary procedures.

Where placements form part of academic qualifications leading to a professional qualification, admission to a professional body and/or statutory registration, the University must be satisfied that the student will be a safe and suitable entrant to the given profession. The 'Principles relating to Student Behaviour' in the [University's Fitness to Practise Procedures](#) are relevant here and these procedures will apply in investigating cases where there are grounds for concern regarding a student's fitness to practise.

### The Student on Placement agrees:

- To not act in any way that brings the University of Worcester (and its collaborative partners) into disrepute and to actively work to promote a good reputation for the University (and its collaborative partners) and their fellow students
- To inform the University (and its collaborative partner) of any personal factors or changes to personal factors (e.g. health, disability, linguistic or cultural) that may affect the level of risk or may require reasonable adjustments to be made whilst on placement, work shadowing or visits.
- To attend/complete any health, safety or other briefing provided as part of their placement, visit or work shadowing opportunity and familiarise themselves with all information provided
- To abide by all rules regarding health and safety requirements, and other practices and procedures of the host organisation
- To carry out the work specified by the Placement Learning Provider under the supervision of the specified Supervisor/Mentor(s)/Contact(s), agreed to be appropriate to the learning experience
- To evaluate their learning experience providing feedback to the University (and its collaborative partner) as required
- When on placement, to report to the University (or collaborative partner) Placement/WBL Coordinator if any incidents or issues occur or if they have any concerns about health and safety at their host organisation, that may jeopardise their welfare and/or the success of the learning experience.
- To allow personal data which is reasonably believed to be relevant to the host organisation to be shared by the University (and/or collaborative partner) and the Placement Learning Provider, if appropriate
- To confirm that any vehicle insurance covers travel to/from work and business use if requested to travel during the placement (if driving to the placement by private vehicle).
- To consult with the University (or collaborative partner) prior to seeking any changes in the terms and duration of the placement.
- To share next of kin information with the placement host if required

**Use this space to state any information that the Placement/WBL Coordinator should be aware of in relation to your personal circumstances while on placement:**

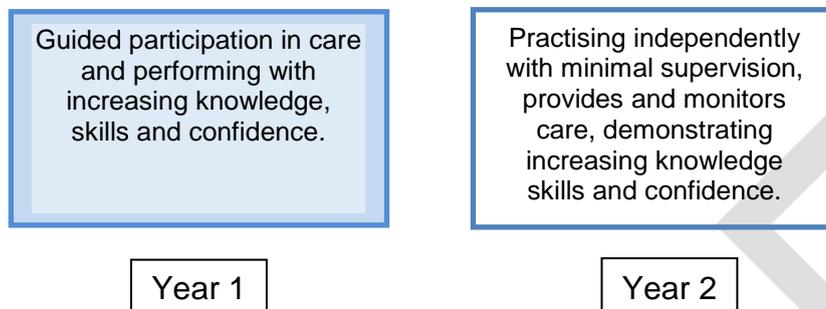

I have read and agree to the above.

## Criteria for Assessment in Practice

Overall Framework; these criteria should be achieved by the end of each year.

### PAD 1: Guided participation in Care

'Achieved' must be obtained in all three criteria by the student

Achieved	Knowledge	Skills	Attitude and values
YES	Is able to identify the appropriate knowledge base required to deliver safe, person centred care under some guidance.	In commonly encountered situations is able to utilise appropriate skills in the delivery of person centred care with some guidance.	Is able to demonstrate a professional attitude in delivering person centred care. Demonstrates positive engagement with own learning.
NO	Is not able to demonstrate an adequate knowledge base and has significant gaps in understanding, leading to poor practice.	Under direct supervision is not able to demonstrate safe practice in delivering care despite repeated guidance and prompting in familiar tasks.	Inconsistent professional attitude towards others and lacks self-awareness. Is not asking questions nor engaging with own learning needs.

### Professional Values in Practice

Students are required to demonstrate high standards of professional conduct at all times during their placements. Students should work within ethical and legal frameworks, and be able to articulate the underpinning values of The Code (NMC, 2018). Professional Values reflect a number of proficiency statements and are captured under the 4 sections of The Code. (1BAP 1.2)

The Practice Assessor has responsibility for assessing Professional Values though the Mid-Point review can be completed by a Practice Supervisor in liaison with the Practice Assessor.

**Yes = Achieved, No = Not Achieved (Refer to Criteria for Assessment in Practice)**

	Achieved Mid-Point Yes/No	Initial/ Date	Achieved Final Yes/No	Initial/ Date (Final)
<b>Prioritise people</b>				
1. The student maintains confidentiality in accordance with the NMC code.				
2. The student is non-judgemental, respectful and courteous at all times when interacting with patients/service users/carers and all colleagues.				
3. The student maintains the person's privacy and dignity, seeks consent prior to care, challenges discriminatory behaviour and advocates on their behalf.				
4. The student is caring, compassionate and sensitive to the needs of others.				
5. The student understands their professional responsibility in adopting and promoting a healthy lifestyle for the well-being of themselves and others.				
<b>Practise effectively</b>				
6. The student maintains consistent, safe and person-centred practice.				
7. The student is able to work effectively within the inter-disciplinary team demonstrating an awareness of the roles, responsibilities and scope of practice of the team members with the intent of building professional relationships.				
8. The student makes a consistent effort to engage in the requisite standards of care and learning based on best available evidence.				

<b>Preserve safety</b>				
9. The student demonstrates openness (candour), trustworthiness and integrity.				
10. The student reports any concerns to the appropriate professional member of staff when appropriate e.g. safeguarding.				
11. The student demonstrates the ability to listen, seek clarification and carry out instructions safely.				
12. The student is able to recognise and work within the limitations of own knowledge, skills and professional boundaries and understand that they are responsible for their own actions.

### **Professional Values in Practice**

Students are required to demonstrate high standards of professional conduct at all times during their placements. Students should work within ethical and legal frameworks and be able to articulate the underpinning values of The Code (NMC, 2018). Professional Values reflect a number of proficiency

statements and are captured under the 4 sections of The Code. (1BAP 1.2)

The Practice Assessor has responsibility for assessing Professional Values though the Mid-Point review can be completed by a Practice Supervisor in liaison with the Practice Assessor.

**Yes = Achieved, No = Not Achieved (Refer to Criteria for Assessment in Practice)**

	Achieved Mid-Point Yes/No	Initial/ Date	Achieved Final Yes/No	Initial/ Date (Final)
<b>Prioritise people</b>				
1. The student maintains confidentiality in accordance with the NMC code.				
2. The student is non-judgemental, respectful and courteous at all times when interacting with patients/service users/carers and all colleagues.				
3. The student maintains the person's privacy and dignity, seeks consent prior to care, challenges discriminatory behaviour and advocates on their behalf.				
4. The student is caring, compassionate and sensitive to the needs of others.				
5. The student understands their professional responsibility in adopting and promoting a healthy lifestyle for the well-being of themselves and others.				
<b>Practise effectively</b>				
6. The student maintains consistent, safe and person-centred practice.				
7. The student is able to work effectively within the inter-disciplinary team demonstrating an awareness of the roles, responsibilities and scope of practice of the team members with the intent of building professional relationships.				
8. The student makes a consistent effort to engage in the requisite standards of care and learning based on best available evidence.				
<b>Preserve safety</b>				
9. The student demonstrates openness (candour), trustworthiness and integrity.				
10. The student reports any concerns to the appropriate professional member of staff when appropriate e.g. safeguarding.				
11. The student demonstrates the ability to listen, seek clarification and carry out instructions safely.				
12. The student is able to recognise and work within the limitations of own knowledge, skills and professional boundaries and understand that they are responsible for their own actions.

# Assessment of Proficiencies

Incorporating Platforms 1 – 6

Annexe A: Communication and relationship management skills

Annexe B: Procedures to be undertaken by the nursing associate

These proficiencies reflect the Standards of Proficiency for Nursing Associates (NMC 2018).

Assessment of Proficiencies are undertaken across the year. These can be assessed in a range of placements but need to be assessed as Achieved (YES) at least once by the end of the year. If a proficiency is assessed as Achieved (YES) early in the year it is expected that the student maintains that level of competence.

The Grade Descriptors are 'Yes' (this proficiency has been achieved), 'No' (this proficiency has not been achieved). Refer to Criteria for Assessment in Practice on page 7 for further details.

The Practice Supervisor can contribute to the assessment of some of these proficiencies by providing specific feedback regarding the student level of performance and achievement to the Practice Assessor in line with the SSSA.

## Flexibility in assessment approach

In exceptional circumstances if a student does not have access to specific learning opportunities to enable assessment of all the proficiencies in year 1/ PAD 1 they may be permitted to meet these in PAD 2 as per their local university policy – see the university specific pages for details. Where required these proficiencies must be agreed by the practice assessor who must ensure she/he has liaised with the academic assessor. The student must then present PAD 1 at the beginning of year 2 to their practice assessor to ensure completion of the identified proficiencies in PAD 2.

On occasions students may also have the opportunity to meet additional proficiencies in Year 1/ PAD 1 as per local university policy. These can be recorded on the 'Additional proficiencies' page in this PAD by the Practice Assessor. Achievement of these must then be explored as part of the initial interview in PAD 2, as further experience to consolidate these proficiencies may be required

**PAD 1 Assessment of Performance:** The individual completing the assessment should draw on a range of observed experiences in which the student demonstrates the required knowledge, skills, attitudes and values to achieve high quality person-centred/family-centred care, ensuring all care is underpinned by effective communication skills.

### Additional Proficiencies

On occasions students may also have the opportunity to meet additional proficiencies in Year 1/ PAD 1 as per their local university Policy. These can be recorded below by the Practice Assessor. Achievement of these must then be explored as part of the initial interview in PAD 2, as further experience to consolidate these proficiencies may be required.

The individual completing the assessment should draw on a range of observed experiences in which the student demonstrates the required knowledge, skills, attitudes and values to achieve high quality person-centred/family- centred care, ensuring all care is underpinned by effective communication skills.

## PAD 1 Medicines Management

This assessment must be completed by the end of PAD 1 where the student safely administers medicines to a group of patients/service users or a caseload of patients/service users in community settings.

During PAD 1 the student should be developing their knowledge, skills and competencies in relation to the safe administration of medicines. This assessment should normally be undertaken with a small group of patients/service users or caseload.

The student must be allowed a number of practice opportunities to administer medicines under supervision prior to this assessment.

**The student must work within the legal and ethical frameworks that underpin safe and effective medicines management and work within national and local policies**

**Regulatory requirements:** *Standards of proficiency for nursing associates* (NMC 2018), *The Code* (NMC 2015), *A Competency Framework for all Prescribers* (The Royal Pharmaceutical Society 2016)

The aim of this assessment is to demonstrate the student's knowledge and competence in administering medications safely.

### Learning outcomes

#### The student is able to:

1. Demonstrate and apply knowledge to recognise how medicines act and interact in the systems of the body, their therapeutic actions, contraindications and side effects.
2. Carry out an initial and continued assessment of people receiving care and their ability to self-administer their own medications.
3. Prepare medications where necessary, safely and effectively administer these via common routes, maintains accurate records and is aware of the laws, policies, regulations and guidance which underpin medicines management.
4. Safely and accurately perform medicines calculations for a range of medications.
5. Coordinate the process and procedures involved in managing the safe discharge, move or transition between care settings of the person
6. Maintain safety and safeguard the patient from harm, including non-compliance, demonstrating understanding of the Mental Capacity Act (DH 2005) the Mental Health Act (DH 1983, amended 2007), where appropriate.

YES = Achieved No = Not Achieved
