Study days

Introduction to Clinical Assessment of the Adult Patient/Client 5 day skills workshop

As healthcare provision changes to meet the needs of the population, practitioners are crossing professional boundaries to meet these demands. Health Assessment whether comprehensive or focussed, forms the basis of clinical decision-making, and every patient/practitioner contact is an opportunity for assessment.

This 5 day workshop enables practitioners to explore and enhance their knowledge and skills in the performance of health assessment within the context of professional practice.

Target Audience:

Registered nurses or Allied Health professionals with a minimum of 12 months post registration experience. Practitioners should be in a position that involves direct contact with patients.

All practitioners should have a good knowledge of anatomy and physiology as this is not covered within the course content.

Following this workshop support in the workplace with an experienced practitioner is strongly recommended.

This workshop does not equip students with any competence therefore anyone working in an advanced health practitioner role must undertake a formal health assessment module.

Aim

To provide the participant with an overview of the principles of history taking and physical examination.

In any given year the availability of conferences, events and study days will depend on delegate numbers. In the event of a conference, event or study day not being run due to a low number of delegates registering, delegates will in these circumstances be offered a full refund.

Workshop Tutor

Deborah Cook

Provisional Dates

This workshop runs four times per academic year:

Workshop 1: 3 – 7 September 2018

Workshop 2: 26 – 30 November 2018

Workshop 3: 18 – 22 February 2019

Workshop 4: 1 – 5 July 2019

(09.30 – 16.30)

Venue

St Johns Campus, University of Worcester

Workshop Fee

£434

All students employed by a Worcestershire NHS Trust or Wye Valley NHS Trust have to complete a study leave form (or equivalent) if they want (a) to study in works time, or (b) want the Trust to fund or part fund the course, or both. Upon receipt of your approved trust study leave form you will receive notification that your place is booked.
If you attend these days without an approved study leave form you will be charged.
