

Practice Supervisor and Practice Assessor Updates for staff in General Practice & Independent Sector Placements

This update is suitable for:

- Practice Assessors or Practice Supervisors requiring an update or refresher
- Recently lapsed Practice Assessors or Practice Supervisors

Practice Assessors (PA) are registered nurses who assess and confirm the proficiencies of pre-registration nursing, nursing associate and return to practice nursing students.

Practice Supervisors (PS) are registered health care professionals working in a practice environment who support and facilitate learning for students.

The NMC requires PA's and PS's to have attended appropriate preparation and regular updates to maintain their competency in assessing and supervising students.

Updates are required biannually with the option of a yearly update if preferred. Please ensure that you are aware when your next update is due.

Topics include:

- The PS/PA role in conjunction with The NMC (2018) Standards to Support Student Supervision and Assessment (SSSA)
- Using the new MYEPAD online documentation
- An understanding of the programme outcomes and proficiencies.
- Facilitating learning of clinical skills
- Supporting learning within the scope of own practice
- Providing Constructive Feedback
- Coaching
- Reviewing the assessment process
- Raising concerns appropriately using relevant protocols (speaking up algorithm)
- How to write an action plan

Meet the practice liaison team

The update will also provide an opportunity to meet with the University practice liaison team. The team will be welcoming feedback from you as well as answering any questions that you may have.
