Accessing Support from the University

Our academic partners have some excellent student services available to support you locally; however, you may sometimes want to access the main University services. You are always welcome to visit us on campus in Worcester but there are several other ways to get in touch with us. You can access the following services or make appointments online or over the phone. Face to face conversations are always better than phone conversations and we are happy to use MS Teams for appointments where possible, although phone appointments can also be used. When speaking with us from home or college, do think about whether any information you give is confidential. If this is likely to be the case, you should consider finding a room or space where you are on your own or less likely to be interrupted or overheard.
