Swimmer Safety

1. Swimming is only permitted once the water temperature is reliably above 11°C
2. Wetsuits are (mandatory) for adults AND children when water temperature is below 18°C (unless cleared to swim without a wet suit by duty manager following confirmation of experience)
3. Wetsuits become optional when the water temperature is over 18°.
4. Whenever a wetsuit is not used a tow float must be worn at all times.
5. Do not enter water until told it is safe to do so by lifeguard
6. Do not enter the water if lifeguard is not at point of entry, **YOU MUST SIGN IN/OUT.**
7. It is recommended you wear shoes or flip flops to the water edge
8. If you hear a siren alarm this is a signal for immediate evacuation, please exit the water at the nearest bank and go back to swimmer checkout point so you can be cleared before departing site
9. Swimmers advised to take extra care when entering and exiting the lake as it can get slippery and there are rocks present on the bed of the lake.
10. All swimmers to be aware of others around them, particularly around buoys where people may stop
11. Acclimatisation area is between entry point and first buoy. New swimmers are advised to take their time getting used to the conditions.
12. Please be aware of the swans, especially during nesting season. Swimmers are reminded they should stand up, talk and splash the swans gently if they take a particular interest in an you. Do not try and swim away.
13. Participants to have vacate Lakeside campus no later than 1030 Saturday(s) and 2030 Monday(s) unless otherwise arranged with Lakeside manager/supervisor.
14. UW staff have the right to refuse entry or ask any participants to leave the water on grounds of safety.
15. If you require help, stop, tread water, or stand up and wave one hand in the air

Hygiene Information

1. Swimming in open water has inherent risks and requires swimmers to be mindful of their own welfare.
2. If you are feeling unwell, do not swim.
3. Cover all cuts and abrasions, however minor, with sticking plasters. (You should not consider swimming if you have deep cuts)
4. Wash hands in fresh water before eating after you have swum.
5. Take a full shower at the earliest opportunity.
6. Try not to ingest water while swimming.
7. In addition, all swimming kit (wetsuit, costume, goggles, hat etc) should be washed in clean water and thoroughly dried prior to the next session/event particularly if using multiple venues to avoid cross contamination
8. If you fall ill and suffer flu like symptoms, including high temperature, headache and vomiting up to 3 weeks after swimming in open water, book an appointment with your doctor and tell them you have been open water swimming and to check for Weil's Disease.

Swimmer Signals

1. If you are in trouble, first try and stand. If you cannot stand, lie on your back and put your hand in the air to signal to the lifeguard.
2. If you spot another swimmer in trouble, do not go to assist as you may end up getting in trouble yourself.
3. Instead, stop swimming a safe distance away and make yourself known to a lifeguard, by putting your arm in the air
