

The SDG Accord

The University and College Sector's Collective Response to the Global Goals

Delivered by

SDG Accord Reporting 2024

Instructions

You are receiving this survey as an institutional signatory of the [SDG Accord](#). By signing the SDG Accord, you have recognised the central and transformational role educators have in attaining the SDGs by 2030 through improved collaboration and aligning of efforts. You are part of the change - and we thank you. You have committed to **mandatory annual reporting** on how your institution contributes towards the United Nation's 17 Sustainable Development Goals (SDGs). **The deadline is Monday 24th June 2024 (23:59 UTC)**

Instructions:

- All **institutional signatories** must submit a report – if you are not sure if you are an institutional signatory please search for your organisations name on the institutional signatories list on the website or contact info@eauc.org.uk.
- **One person** is to complete this report on behalf of the institution. They should have the authority to report on behalf of their institution.
- Please submit your answers in **English**.
- Please ensure focus your answers on the **last 12 months** unless the question specifies otherwise (e.g. question 17 & 18).
- The online form cannot save partial responses so please ensure that you have **all of your answers ready** before submitting a survey. You can access a copy of this year's report on the website to **prepare your answers** in advance. This report will then take about 10 minutes to complete.
- If you would like to **download** a copy of your report you can do this on the final page after you have clicked 'submit'.

- Your individual response is **fully confidential**. Examples of best practice will be championed in the 2024 results with permission from the signatory. We encourage signatories to publicly report their own data to increase transparency however this decision is up to each institution.
- EAUC will collate reporting information from all SDG accord signatories and use it to produce a global picture of the education sector's contribution to the SDGs. We share this with international networks and partners. Your institution name will be included as a reporting signatory. The results will be made available publicly in **Autumn 2024**. This year we have added a section to gather your feedback on how we best share and collate the results.

Feedback

Each year EAUC publishes an annual report summarising the results of signatory reports. The annual summary provides an overview of the education sector's progress in embedding the SDGs along with case study examples. This is then promoted and highlighted at the United Nation's High-Level Political Forum on Sustainable Development in July. We are looking to get an accurate picture of how signatories use these resources so please **answer as honestly as possible**. Your answers will only be used by EAUC to inform how we develop our support for SDG signatories in the future.

26. Do you use the information from your individual institution's survey response to this annual request in any other ways? Tick as many as apply.

- Yes - we include it within an internal report
- Yes - we integrate it into a sustainability report / update which we publish externally on our website
- Yes - we use the report within section 12.4 of the Times Higher Education Impact Ranking submission
