

Scholarship Fund

University education has a vital role to play in society, enriching, inspiring and broadening the horizons of students. In the changing education landscape, these students will increasingly need financial support to help them achieve their career ambitions.

At Worcester, we want to ensure that tuition fees and the concern over student debt do not deter talented and motivated students from coming to the City to pursue their goals.

With this in mind, we want to provide the most worthy students with scholarships to help support them through higher education.

As a charity, our funds are limited. Your support is more vital than ever before. By donating to the University of Worcester Scholarship Fund you have an opportunity to make a positive difference.
